

Tralee Triathlon Club – Inclusion Statement

Tralee Triathlon Club is committed to supporting inclusion in our sport across our wider community. This means inclusion irrespective of race, gender, disability, faith, sexuality, age or any other characteristic. We are a club that recognises the strengths and benefits of diversity.

We want to be an inclusive club and we are committed to achieving that goal. If you are interested in taking part, but feel like there are barriers to your entry into this sport, please talk to us directly and we will work together to try to break down those barriers.
